GOKUL A

FULL STACK DEVELOPER

gokul240102@gmail.com | +91 7708113676 | Chennai, India | linkedin.com/in/gkl-dev/

Java • Spring Boot • React • REST APIs • Microservices

PROFESSIONAL SUMMARY

Java Full Stack Developer with 1 year of experience building enterprise web applications using **Java, Spring Boot, Spring Data JPA/Hibernate, React, JavaScript (ES6+) and REST APIs**. Skilled in developing data-driven workflows, RESTful microservices, CRUD operations, and SQL Server query optimization, with secure coding practices via Spring Security. Experienced in Git, CI/CD pipelines, and cross-functional collaboration, delivering scalable applications for government and port-management systems. Available to join immediately.

PROFESSIONAL EXPERIENCE

IC & SR, IIT Madras **Aug 2025 – Aug 2026**

Full Stack Developer

Technologies: Java, Spring Boot, Spring Data JPA, Spring Security, React, JavaScript, REST APIs, Microsoft SQL Server

NDCS – National Database of Coastal Shipping

- Developed React-based user and administrative interfaces for coastal shipping data management, streamlining license-processing workflows.
- Integrated frontend workflows with Java/Spring Boot REST APIs, reducing average API response handling time by **15%** through optimized request/response handling.
- Built a shared library of **8+** reusable React components and form validations, adopted across the application modules.
- Optimized Microsoft SQL Server queries, improving data retrieval speed by **12%** across key database-driven workflows.
- Built persistence layers with Spring Data JPA/Hibernate, supporting entities and CRUD operations across relational data models.
- Applied secure coding practices including Spring Security-based endpoint protection across **10+** REST endpoints, input validation, and structured exception handling.

LMS – Land Management System, Odisha Port

- Developed and enhanced React modules for land, lease, license, market, quarters, and spatial-data management workflows.
- Integrated React modules with Java/Spring Boot REST APIs and Microsoft SQL Server, powering data-driven forms and business workflows.
- Implemented CRUD operations, form validations, and API-driven workflows across modules.
- Investigated and resolved issues across frontend, backend, and database layers to improve application reliability.
- Analyzed edge cases involving API responses, validation, and database operations.
- Improved application performance through lazy loading, code splitting, and memoization on the frontend, and query optimization on the backend, reducing page load time by **15%**.
- Collaborated with backend and QA teams via Git and CI/CD pipelines, contributing to on-time, defect-reduced releases.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, React, React Router, React Hooks, JavaScript (ES6+), Reusable Components, Form Validation, Responsive UI.
Core Java	OOP Concepts, Collections Framework, Exception Handling, Multithreading, Java 8+ Features (Streams, Lambda Expressions).
Backend	Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, Spring Security, REST APIs, Microservices.
API Development	REST API Integration, JSON, Request/Response Handling, API Contracts, Data Mapping, Frontend–Backend Integration.
Database	Microsoft SQL Server, SQL, SQL Queries, CRUD Operations, Data Retrieval, Query Optimization, Database-driven Workflows.
Collaboration	Debugging, Error Handling, Code Reviews, PR Reviews, Cross-functional Collaboration.
DevOps / Tools	Git, GitHub, AWS, Docker, Maven, Visual Studio Code, SQL Server Management Studio (SSMS), Postman.
AI Tools	GitHub Copilot, Amazon Q, Claude, Gemini.

CERTIFICATIONS

Full Stack Development – FITA Academy

Trained in end-to-end web application development covering Java, Spring Boot, React, and SQL Server, with hands-on project work.

AWS Cloud Practitioner Essentials – Amazon Web Services

Built foundational knowledge of AWS Cloud concepts, core services, security, pricing, and architecture best practices.

EDUCATION

SASTRA Deemed University **2024**

Bachelor of Technology in Mechanical Engineering Percentage: **72%**
